Bill,

I understand my section chief sent you a copy of our 308s while I was on vacation. Can you please give me an update on your progress/status?

Thank you,

Sheila McAnaney

Bill,

EPA has now signed the AOC, which will be sent by FedEx to Statoil today. I have attached a signed copy. Please let me know if you have any questions.

Kind regards,

Sheila McAnaney

Subject: FW: NOI File for the Eisenbarth Well Pad Site

Sheila – we found this relative to the site. Per the email below, the coverage was not transferred. Still checking on 401 although I have some indication that perhaps there was another Stat Oil site where there was a slope failure which resulted in some impacts to waters of the state and the Corps is involved in.

Can you send me a copy of your AOC now that it is signed?

Bill a company called Protégé Energy II LLC applied for and was granted storm water coverage for the Eisenbarth site in December 2012, see attached. Records indicate that it was never transferred to Statoil. Still checking on 401. Mark

Hello Mark,

As you requested, I scanned the file for the Eisenbarth Well Pad construction NOI into the attached PDF document. Please let me know if you have any questions about it. The 401/404 Unit left before 5pm on Wednesday. I'll see you Friday!
